

## **Thematic Topic**

Class 3 will be travelling across the world in our new unit, “Picture Our Planet” - a thematic unit with a key focus on geography. Learning is centred around three contrasting localities: - Brazil, Scotland, and Fiji, and includes key facts, physical and human features, traditions and customs and an insight into how each country is tackling particular conservation issues. We will be looking at a range of sources and evidence and making comparisons.

## **PE**

In PE, pupils will be learning, and performing dances with control and expression; PE sessions will still take place on a Wednesday and Thursday normal. As we are approaching the warmer months (hopefully!), please ensure that pupils have the appropriate kit. PE kit is still available to purchase from the office.

## **Music**

Class 3 will continue to receive music tuition on a Wednesday, throughout the summer term. Pupils will continue to develop their ukelele skills, learning new chords and pieces of music, in preparation for their summer concert. Ukeleles will continue to be taken home on a Friday.

## **RE**

This term, in RE we will complete our Sikhism unit. The children will then recap their learning of all the religions we have learnt

# Summer Term Overview

## Maths

In Maths, of lines. we will begin the summer term learning about measures (specifically centimetres, millimetres, and metres), as well as volume and capacity. Once secure, the pupils will then learn how to tell the time and eventually progress onto Geometry, in particular angles, turns and types of lines.

## English

In English, the children will continue to develop on and apply taught features in a range of genres, including persuasive writing, fiction recounts and non-fiction. The pupils will be encouraged to edit and improve their work, apply a variety of punctuation and use a range of vocabulary including conjunction, effective verbs and adverbs. Spellings will still be given out weekly on a Monday, with tests taking place on a Friday.

## Science

In Science, Class 3 will be finishing off their unit, 'light' – investigating reflective surfaces and shadows; we will then begin our new unit, 'Animals including Humans'. This unit teaches children about healthy diets, nutrients, and skeletons. Both units will allow the children to explore and build upon their scientific enquiry skills.

## PSHEe

The children will begin the summer term by learning about
